We hereby present you our best offer for the following Yashi solution

YASHI 82" 16 touch LIM 20 Shortcut KEYS

The ideal solution to take a step beyond the classic IWB with video projector. Not only for digital teaching, but also for group work, infopoint, diagnostics and visual marketing. The new 65 "4K Touch Screen Display by Yashi offers the best standards of vision in all light conditions, more contrast and interactive features. The System can host two independent operating systems: Android, already integrated in the display and Windows with the addition of the OPS PC.

The picture is to be considered purely indicative: it can change without notice.
