We hereby present you our best offer for the following Yashi solution

YASHI PIONEER CURVED 35 21:9 144HZ USB-C

Yashi Pioneer S expresses advanced technology applied to a PC Monitor. The extraordinary "all display" effect created by the frame with only 2 mm of thickness gives an unprecedented visual effect: the images seem suspended in the air from any angle.

The picture is to be considered purely indicative: it can change without notice.
